

FLORIDA FISH AND WILDLIFE LICENSE PROCESS

NOTE: THERE IS A NEW LICENSE PROCESS THIS YEAR

The Florida Fish and Wildlife Conservation Commission has a new process this year to obtain an ESC – License to Possess Class III Wildlife for Exhibition or Public Sale. You no longer print an application form, fill it out and mail it to Tallahassee.

Instead, you must go to their website, create an account, submit your information, and pay the \$50 fee with a credit card. Once the online application and payment is complete, you can download the license to your phone and/or print it.

You need to make a **COPY** of the printed license and bring it along with your animal inventory to registration at the show. The printed license **COPY** will be collected for Fish and Wildlife at the show. They will not accept a copy of your license on your cellphone!!

The Florida Fish and Wildlife license website is:
